

Islamic Republic of Afghanistan
Ministry of Communication and IT

Summary of Major Achievements in the year 1388

Amirzai Sangin
Minister of Communication and IT

With the implementation of a well-developed policy, we managed to find a place for our homeland in the list of countries that have enjoyed rapid growth in the ICT sector in the world.

Today, ICT services play a vital role in Afghanistan, not only in social and economic enhancements but also are considered to have a major role in ensuring peace and security in the country. Life becomes better with access to telecommunication services, and is fully determined to strive forward to make it accessible to all in the country.
